THE LAB

Our state of the art Lab houses only the best machinery to achieve our colour matching service. With an extensive range of unfinished stock of European Prime and Rustic Oak and 100% Fumed Oak we are able to offer you a prompt colour matching service and final production time.

The process of sample matching takes 10 working days as we use the same extensive weighted method of application to ensure precise and consistent application of the oils, stains and textures required.

We also offer a **BESPOKE COLOUR MATCHING SERVICE** to create your perfect floor, so please feel free to provide us with a sample you would like us to match.

THE WFS Co FLOORING PROCESS

Our simple process allows you to create your own bespoke wood floor.

CHOOSE YOUR...

DESIGN

Start creating your bespoke floor by choosing your design from page 14 and 15.

DIMENSIONS

Choose the dimensions available in your design from page 14.

GRADE

Our range of designs are available in Prime and Rustic grades - shown on page 8 with the majority of items in stock and ready for finishing.

FINISHES

To complete your bespoke floor choose your texture and treatment from page 10 to 13 and your colour and finish from pages 18 to 20.

We use UV cured hardwax oil as our final protective layer. Available in Extra Matt, Satin & Gloss finishes.

Now you've chosen your options, our experienced colour technicians will create your wood floor here in the UK, so ensuring the highest British quality and prompt delivery.

GRADING

Our prime and rustic grades are determined by the knot, sapwood and colour content.

Prime

Prime grade has few, if any knots, and these will be of minimal size. Core or edge sapwood and filler will be negligible if any at all. There will be a relatively small amount of colour variation in the timber itself with no heart wood.

Rustic

Rustic grade allows for the mixture of natural grain and knots. Sound knots of up to 60mm and dead knots up to 25mm are perfectly acceptable. Heartwood is allowed and there will be colour variation, also expect minimal core and edge sapwood, plus filler. The colour of the filler is carefully selected to complement the wood rather than to match it exactly and it may vary from batch to batch.

Grading rules may vary from country to country and manufacturer to manufacturer. Please check at time of placing an order for a certain product/range.

TEXTURES

Our aged, bandsawn and torched floor textures are achieved through using both unique and conventional techniques.

Aged

Each piece of flooring is aged to achieve an authentic aged look to the edges, corners and surface of the timber.

Bandsawn

Our bandsawn texture particularly suits retail and commercial projects. The surface has saw marks across the face at an angle of 90° from the length of the board.

Torched

Our torched process is only available in our range of plank floors on the long edges, not the short ends and is accomplished using a specially designed machine. This process can be repeated to achieve the required result.

Please be aware that when you buy any of our textured floors variation in texture and colour will occur, this is the beauty of having these floors.

TREATMENTS

Our fumed and smoked colours are achieved through a process which reacts with the natural tannins in the oak and although we use controlled processes, the final colours are dictated by nature and not by using pigmented stains.

Light Smoked

Surface smoked – tones of light to medium brown.

Medium Smoked

Surface smoked – tones of medium to dark brown.

Dark Smoked

Surface smoked – tones of dark brown.

Fumed

100% Fumed - tones of deep dark brown/black.

Please be aware that when you buy smoked or fumed oak there will be a large variation in colour, this is the beauty of having these floors.

DESIGNS & DIMENSIONS

Planks

12/3 x 180mm x Random Lengths 600-2200mm

15/4 x 140 / 180 / 220mm x Random Lengths 600-2200mm

20/6 x 140 / 180 / 220 / 260 / 300mm x Random Lengths 1400-2400mm

Herringbone Blocks

15/4 x 70 x 350mm*

20/5 x 70 x 350mm*

10/4 x 90 x 500mm

15/4 x 90 x 500mm

20/6 x 90 x 500mm

15/4 x 120 x 600mm

20/6 x 120 x 600mm

Chevrons - 45 Degree Angle

10/4 x 90 x 500mm

15/4 x 90 x 500mm

20/6 x 90 x 500mm

15/4 x 120 x 600mm

20/6 x 120 x 600mm

Other dimensions are available upon request in either plank, herringbone or chevron. *These sizes are only available in our tumbled finishes on page 18.

Cube	200mm wide
Mansion Weave	200mm wide centre 90mm wide weave

WFS/944 Bandsawn Dark Smoked

WFS/914 Bandsawn White

WFS/419 Bandsawn Light Smoked Sand

WFS/934 Bandsawn Dark Smoked White

As with smoking and fuming the torched process reacts in different ways with the 'nature that is wood'. Wider grain and knots will not burn as fast as the wood around them, especially if that surrounding grain is closer together.

Whilst the effect will always show variation in finish, the position at which the torches are fixed in the machine is kept constant for consistency of the torching.

WFS/1586 Torched & Light Smoked

WFS/1587 Torched, Tumbled & Light Smoked

WFS/1588 Torched, Bandsawn & Light Smoked

Bespoke Finish - tumbled bandsawn white

The surface of our bandsawn floors replicate traditional cut marks across the face of the floor, creating a beautiful rough-sawn texture which is available in all design options. Ideal for flooring or wall cladding in retail or commercial projects.
